We, The Graduating Class of 1975, dedicate our section of the WHITE & GOLD to "Joe" Rossetto. Besides being a great adviser, he has always known when and how to help us. He never seemed too busy to help a member of the class of 1975.

The highlight of the '74 grid season had to be the season's league game against the Mt. Shasta Bears. All the ingredients of a Walt Disney script were present - intense inter-school rivalry, the league title at stake, both teams undefeated in league play, comparable offenses and defenses on paper, a lengthy winning streak on the line, and a beautiful night for football, crisp and clear. Happily for WEED, the script writer cast the Cougars as the good guys!!

Then, for the first time, a chance at the North Section Double A (Small Schools) title. A win in the semis, downing Chester 22-6, but losing to Sutter 29-14 in the title match.

Maybe in '75?

The jayvees had their ups-and downs. Early in the season they did bring the Hatchet back to Weed where it belongs. In SCL play, however, they were 3rd in league standings when they went up against the Bear Cubs, then tied for 1st. With the win in that final game of the season, the Cougar Cubs pushed the visitors down into 2nd. Weed was still in 3rd - but the Cougars had won the game!!

Vagaries of SCL rules recognize only Western and Eastern Division Champions, not a league title holder. However, as all the other jayvee teams suffered at least 3 league losses, the 9-1 record of the Cougar Jayvees seems to justify an unofficial claim to the SCL Jayvee Crown.

Broughton led the Cougars with an average of 24.4, firing 36/52 and 69% from the free throw line. Mazzoni, with a 14.3 game average, led the rebounders with 113. His 20/39 and 51% placed him 3rd in the FT list. Esparza, 58% with 22/38, holds the second spot in that list.

SPORTS DEDICATION

Mr. Rod Vinall

Mr. Durl Van Alstyne

Mr. Robert Owens

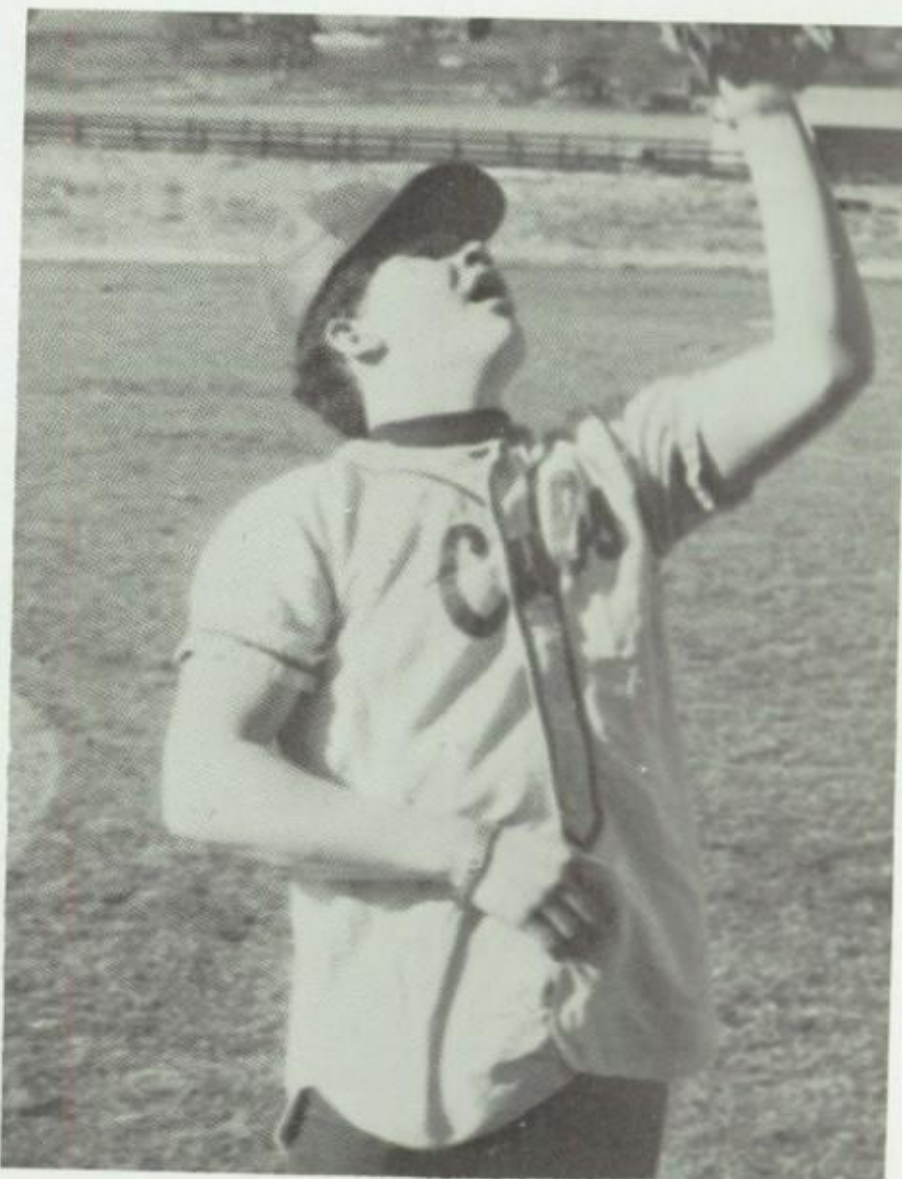

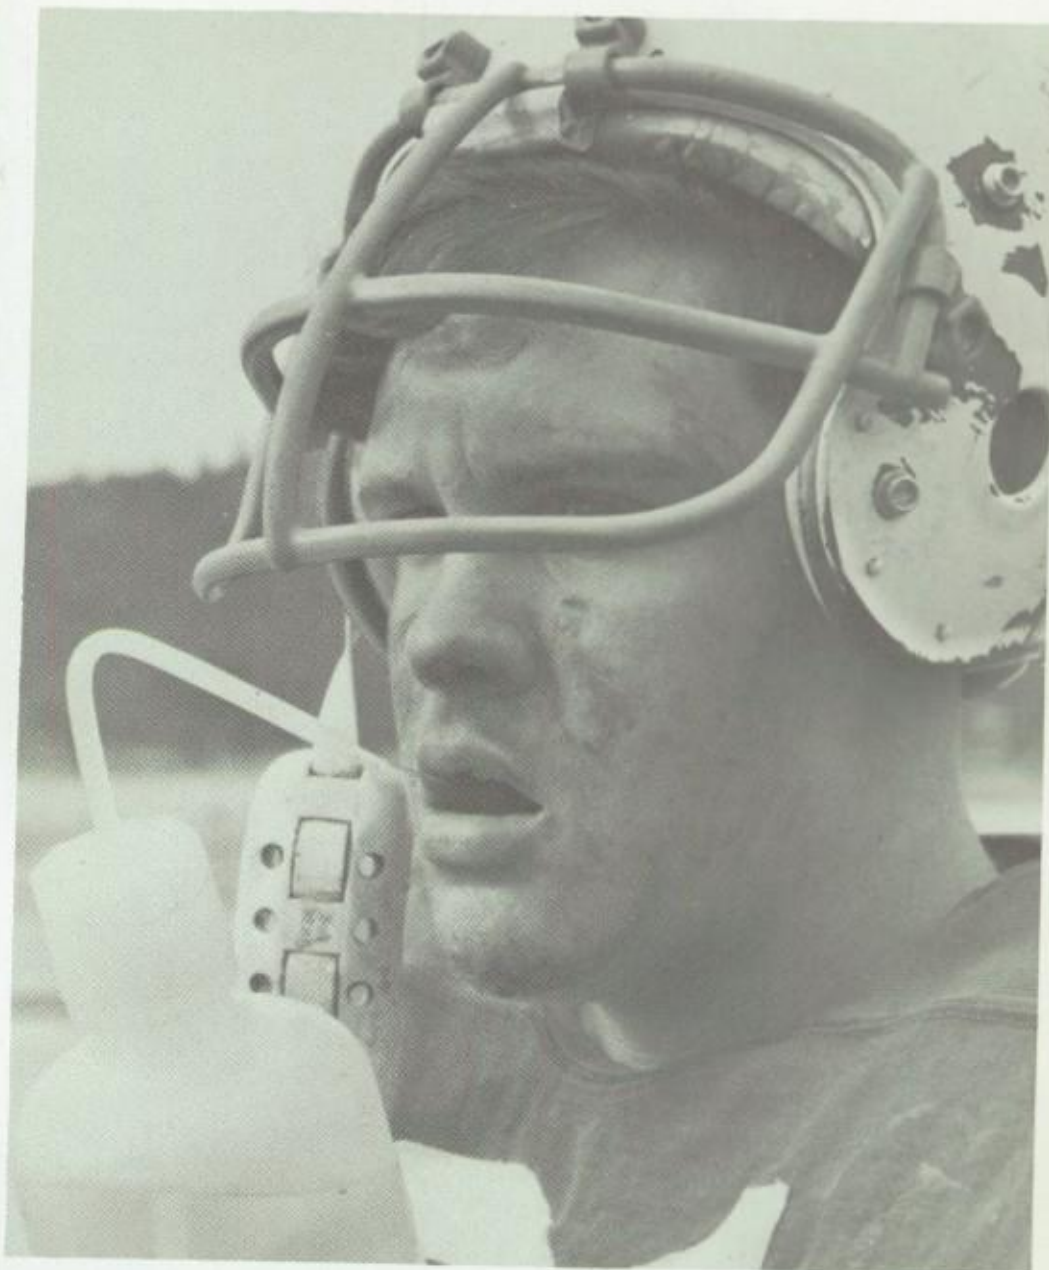

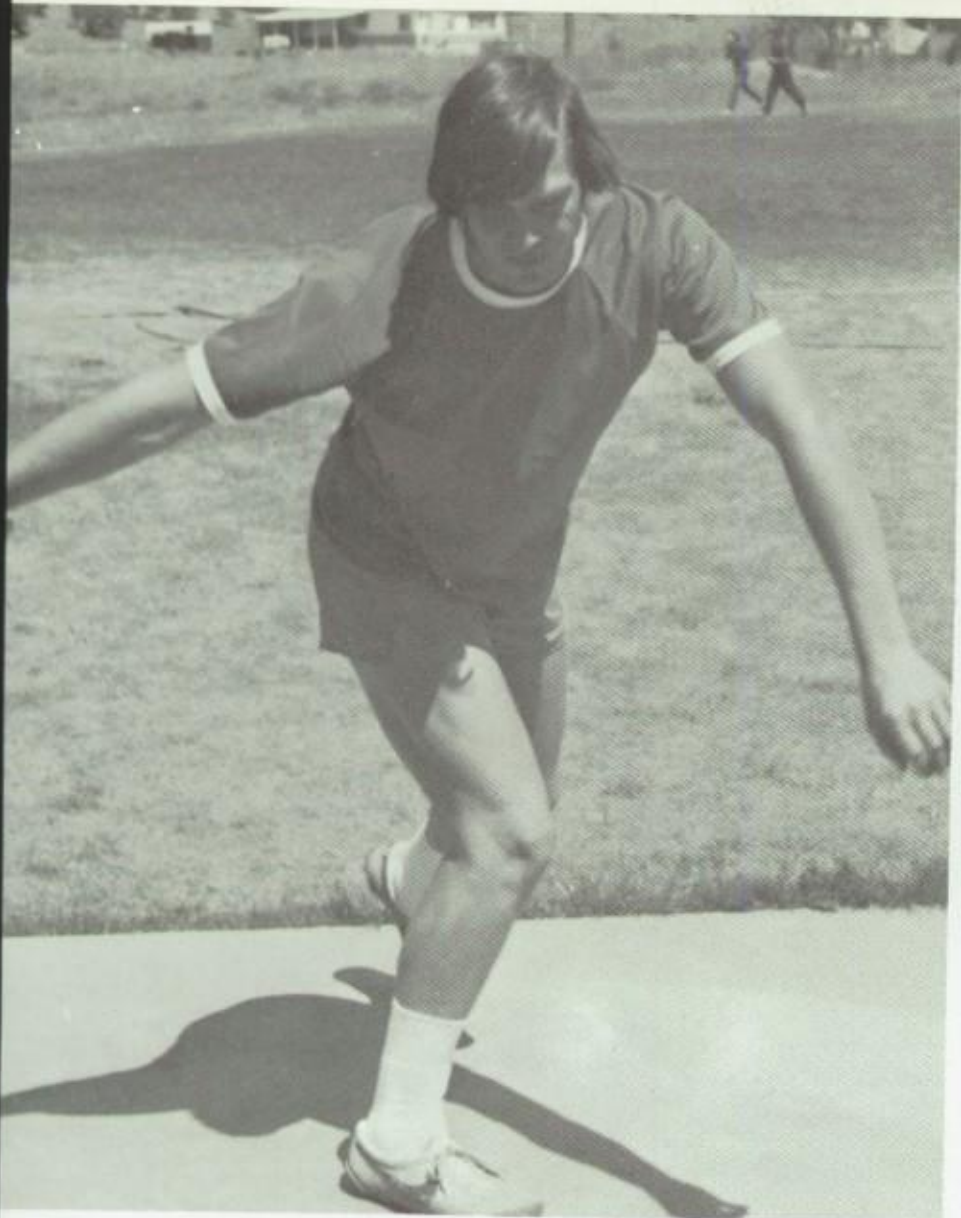

The Class of 1974-1975 would like to dedicate this section of our annual to our coaches, who are not only dedicated to us but to our sports program. Mr. Vinall with his basketball and baseball teams, Mr. Van Alstyne with his track team, and Mr. Owens with his football team deserve credit for their hard work and enthusiasm. We thank you.

MARATHON

The students and coaches of Fort Jones High sponsored a basketball marathon that began on November 7, 1974 and finally ended 65 hours later on November 10, 1974. The purpose of the marathon was to raise enough money to purchase both a weight machine and new football helmets. This purpose was achieved as the players secured and collected nearly \$2350.00. When the students, coaches, or scorekeepers were not involved with basketball, they remained busy as pictured above. In the photo to the left, Albert David catches up on a current novel, while Rick Evans simply kicks back and relaxes. In the photograph to the right, Lyn Richard and her companion catch a few winks as the strain of 65 hours of basketball take effect.

JOURNALISM

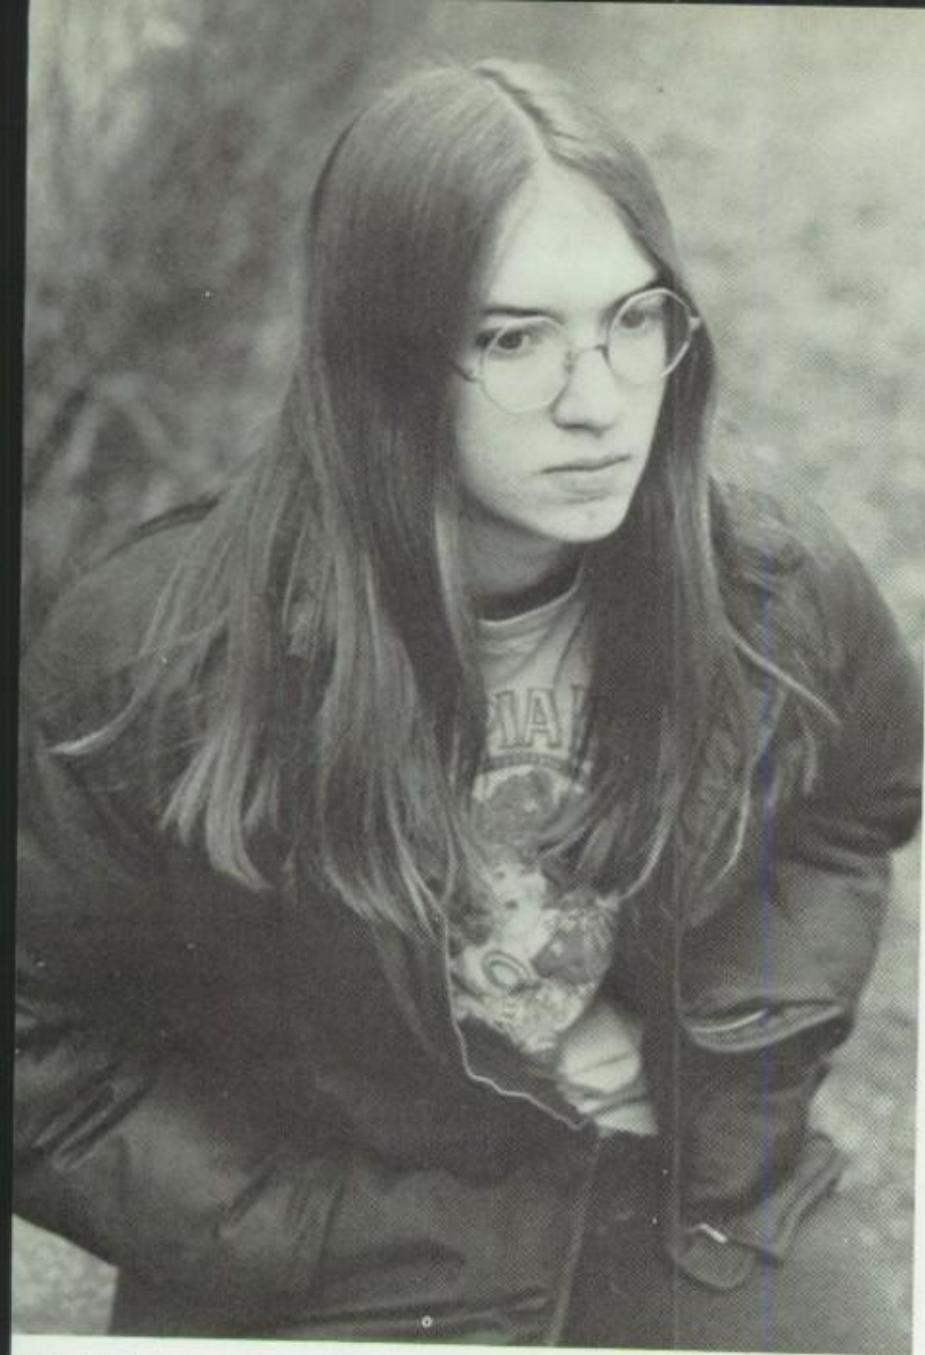

CARNIVAL 1973-1974

The Royalty of the Carnival. L. to R.: Becky C. Ford, Queen Tonya Bray, Lyn Richard, and J. Shepherd.

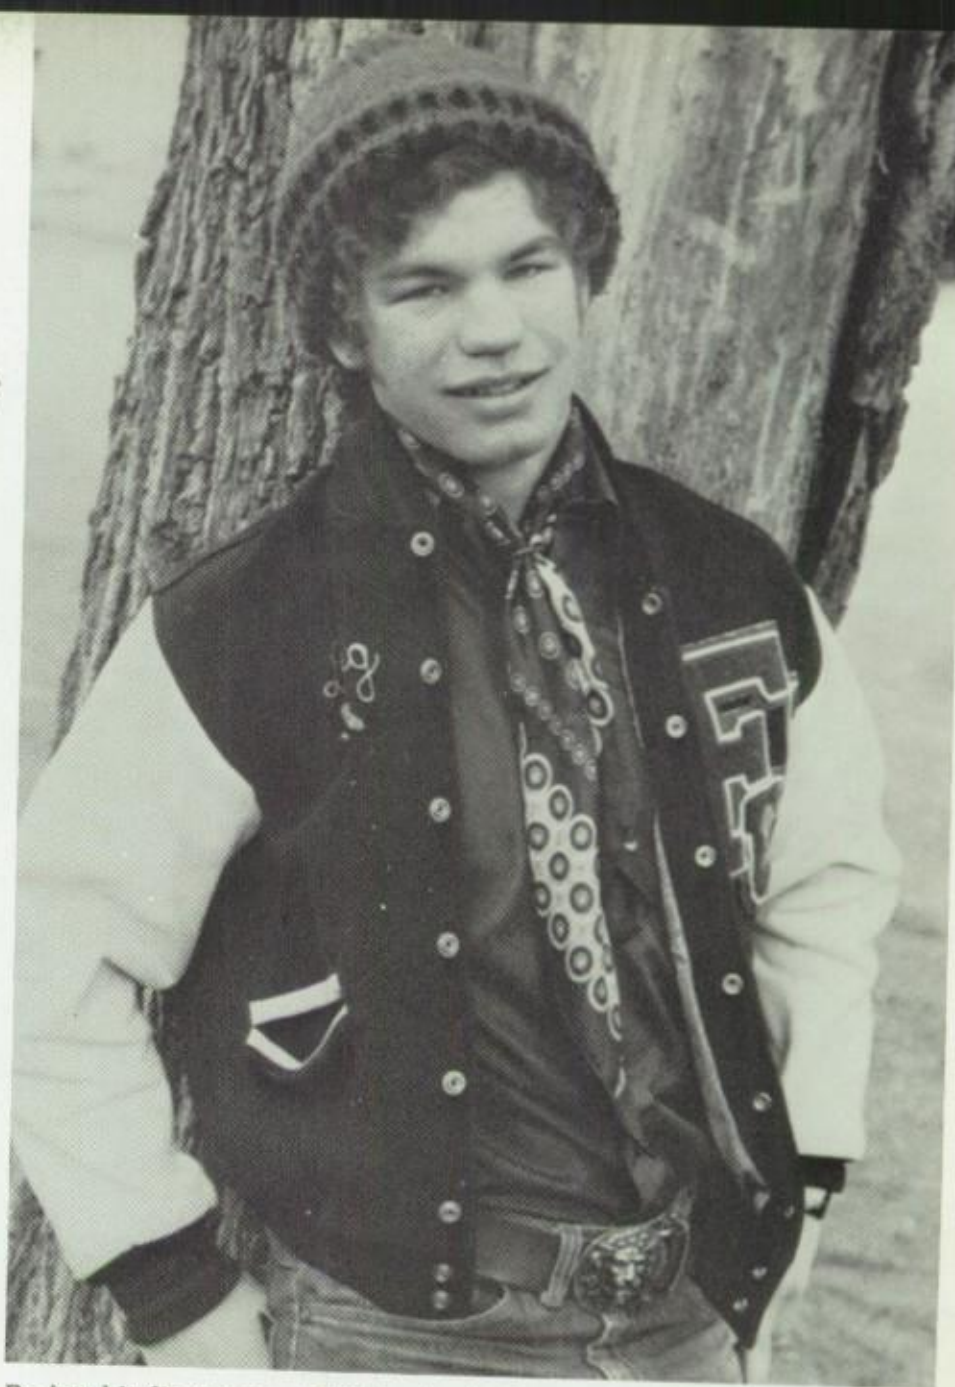

Last year's carnival was, as usual, a success. The activities of the carnival seemed to be enjoyed by all the people in attendance. All ages participated in such activities as pillow fighting, bingo, balloon shaving, and giving hardy volunteers a bath in the dunk tank. Hopefully, the 1974-1975 carnival will be as much fun, as large success, and will be greeted with equal enthusiasm.

The 1974 girls basketball season was a growing year. I feel that the girls did an exceptionally fine job, even though our standings didn't show it. Their willingness and eagerness to learn was a pleasure to coach. I have high hopes for next year!

Man is challenged today to excel in almost every endeavor . . . those who succeed often trace the beginnings of their performance pattern to accomplishment in high school and to those who offered stimulation and inspiration in these formative years. Josten's has long been a partner to these educational leaders in providing a means of motivation and the rewards of recognition and Josten's products have become tangible symbols honoring perseverance and achievement.

The class ring is representative of the fine traditions of school spirit and unity. The yearbook provides a lasting memento of the year's accomplishments. The diploma is a lifelong record of scholastic success. The graduation announcement heralds this achievement. Awards recognize academic and athletic leadership.

International Paper doesn't see Weed's forests just for the trees.

We see the wildlife too.

That's why our three tree farms in the Weed area abound with deer and waterfowl . . . such as these Canadian honkers taking flight over Grass Lake.

In other words, abundant wildlife is one of many benefits provided by International Paper's nearby Grass Lake, Scott Valley and Klamath River tree farms. These forests yield a harvest of timber for production of build-

ing materials needed by a growing population. Forests also add to our supply of available water — and regulate the flow of water.

In addition, our managed woodlands provide great recreational opportunity. Sportsmen, for example, record some 80,000 man-days of hunting within IP's Weed tree farms annually in search of big game. Hunting campsites are maintained throughout these forests. And Camp Eden Park, a

picturesque facility planned for a variety of recreation uses, is provided for the public five miles west of Callahan near the south fork of the Scott River.

Our Weed woodlands provide multiple benefits . . . because we manage them for multiple use. At International Paper, we think there's more to the forest than the trees.
